

PERCUSSION WORKSHOP

For music therapists (MTA)

Facilitated by Louis-Daniel Joly from **BARATANGA**

A practical training to deepen the use of percussion instruments in therapeutic settings — as tools for grounding, communication, self-regulation, and group cohesion.

**Sunday
January 18th 2026**

13:00 - 16:00

**National Music
Therapy Institute**

Training content

Practical explorations

- Rhythmic games adapted to clinical settings
- Emotional modulation techniques
- Nonverbal cues for guiding a group

Clinical skills

- Rhythmic co-regulation
- Therapeutic attunement to internal states
- Support for self-regulation

Therapeutic framework

- Session logistics and structure
- Expressive safety and sensory boundaries
- Adaptation to clinical needs
